Programs Quick Links

PPE Portal

Schools must provide SCHEV with a complete list of programs that will be offered; the appropriate CIP code for each program; the credential awarded (e.g. certificate or degree); the number of credit hours required to complete program; and any necessary supporting documents. To create a new program, please click on "Add New Program". You can also edit or delete programs and courses by clicking the "Edit" button. To download a list of your school's approved programs, please click the button on the far right. If your school has program modifications in progress, you will not be able to download a list of programs until they are all approved by SCHEV.
