Standard Occupational Classification

Standard Occupation Classification (SOC) codes are published by the Department of Labor and are available at www.bls.gov/soc. There is a crosswalk between CIP and SOC codes that can be found at: www.onetonline.org/crosswalk.

Provide the relevant SOC codes and titles that correspond to the programs selected CIP code that best match the jobs program graduates will get after completion of this program. Example 11-1011.00 – Chief Executive

1. -- - - - - . - - - -
2. -- - - - - . - - - -
3. -- - - - - . - - - -
4. -- - - - - . - - - -
5. -- - - - - . - - - -

For CIP codes that do not crosswalk to one or more SOC codes, institutions can add a SOC code that aligns significantly and substantively with the program learning outcomes, provided that the institution has evidence that graduates of the program will be qualified to find employment in that field.

The SOC codes that an institution should use for ESL and ESOL programs should be the SOC codes that align with the employment of the students who complete the program.

For institutions of Higher Education Only

As required by 8VAC40-31-140, the institution shall ensure that: (i) a properly credentialed and course qualified instructor teaches each course; (ii) a credentialed and course qualified academic advisor is available to meet the concerns of the student, and that a student contact by any method will elicit a response from the advisor within a reasonable timeline; (iii) continual curriculum development and oversight for each major and concentration/track is maintained; and (iv) a program director is named and designated to oversee each program area.

Will the institution satisfy the above requirement?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
---	------------------------------	-----------------------------

For Non-Degree Schools Only

If certification by exam or license is required to work in the field, please provide evidence that the institution is authorized by the state or certifying corporation. Additionally, please provide evidence that the program conforms to state, federal, trade, or manufacturing standards of training for the occupational field.

For Non-Degree Schools Only

Faculty, if teaching technical courses for programs not leading to a degree and not offered as degree credit, must either (i) hold an associate degree from an accredited college or university in the discipline being taught or (ii) possess a minimum of two years of technical/occupational experience in the area of teaching responsibility or a related area. The instructor must hold the appropriate certificate or license in the field, if certification or licensure is required to work in the field.

Will all faculty members satisfy the above requirement?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
